Players to watch

Brianna Barwick - Classy midfielder who reads the play well and has a powerful sharp kick when hitting up the forwards. Can also play a small forward role, providing lots of forward pressure and knows how to kick a goal.

Jacinta Limbrick - Last years Sandy Eaton medallist. Jacinta is a key player with a large role to play in the success of the team. She reads the ball better than most, can take a good grab, and can play almost anywhere on the field.

Mikayla Absolom - Strong defensive leader who brings her teammates into the play. Has great direction and is aggressive around the contest.

Georgie Bailey - Another strong player who knows where the goals are. Georgie is confident and her set shot kicks are as straight as an arrow.

Molly Mitchell - Quick, accurate and crafty player who gets creative when near the ball. Has great forward pressure and knows how to kick a goal.
