Ass. Coaches: Nathan Foale, Jamie Kaye, Ryan Wiggins, Adam Coulson

Coach's Report

SFL Under 18's Coach- Nathan Hartnett

Rep footy is back and I'd like to welcome players, coaches and supporters from the North West Region to North Hobart Oval. The southern 18's are well represented across the regional clubs, which highlights the spread of young and exciting talent playing in the Southern Football League.

The players have impressed with their talent, commitment, and desire to represent the South and are excited by the opportunity to demonstrate their passion for representative footy and showcase their skills, as the next generation of stars.

The southern 18's are well balanced with senior footy experience across the field and will be led strongly by our captain, Caden Donaghy from the Brighton Football Club who played in the South's last victorious rep game against the NTFA.

Today's game is a chance to embrace the rivalry, support your region and enjoy the efforts of all players. We are looking forward to the challenge of playing a strong North West Football League.

Players to watch

Riley Davie – Brighton Football Club
At 16 years of age, Riley has become a regular senior player for the Brighton Football Club in 2024 following his selection with the Tasmania Devils Under 16s in 2023. His size, skill set and ability to read the play, a highlight of his talents. Riley's versatility sets him apart from most. Riley can play as a hard running half back using his skills and footy smarts to set up play, as a damaging inside/outside midfielder where he played most of his junior footy, finishing runner up to the Beakley Medalist and as a dangerous target in the forward 50.

Riley Thorp-McCulloch – Huonville Lions Football Club

Riley has played regular senior football for his club Huonville Lions this season following some solid performances at junior level, which included selection in the STJFL representative team and a colt's premiership with Huonville in 2023. Riley is a strong bodied, skillful mid-size forward who is strong overhead and just as capable at ground level. Riley can play key position and through the midfield.

Jesse Cowen – Cygnet Football Club

Jesse has become a regular senior player for the Cygnet Football Club over the last two seasons and has established himself as a composed, skillful, hard running winger who has the versatility to play defence and as a dangerous forward option. He played an important role in Cygnet's premiership in 2023, kicking an important goal under pressure in the decider as the highlight. Jesse is an outstanding talent with a big future.
