SOUTHERN FOOTBALL LEAGUE INC.
Player Points System Policy
SFL Premier League & Community League Men's 2026

Version May 2026 – Effective 29 May 2026

1. OBJECTIVES

The SFL Player Points System Policy delivers equalisation of community football competition which is vital for the growth and development of community football.

Even and fair competitions lead to greater public interest, which leads to bigger crowds, which leads to stronger clubs and competitions. Even competitions allow supporters and club volunteers the chance to turn up on any given match day with the knowledge that the outcome of the game is uncertain, and that their team is a chance of winning. This mindset motivates people to become and remain engaged with their community club and provides rewards and recognition to all those that assist in putting a team out on the field.

The philosophy of competition equalisation is accepted in sports all around the world. Professional sporting bodies have accepted practices such as drafts, salary caps, FIFA Fair Play, and the like, to help competition's, ensure competitiveness and club sustainability.

The objectives of the SFL PPS Policy are as follows, to:

a) support equalisation of the Competition.
b) ensure teams fielded in the Competitions are strong and as equally matched as possible.
c) provide opportunities to compete at a community level within an orderly and fair system.
d) provide the best opportunities for players to develop and display their skills.
e) encourage the best players to progress to the highest level.
f) enhance relationships between clubs within the same community areas.
g) incentivise clubs to support junior clubs in their community area.
h) enable team spirit and public support.
i) encourage community and corporate sponsorships of Community Clubs.
j) reduce the inflationary nature of player payments to assist clubs survive financially and reduce financial burden/stress on Clubs.
k) reward clubs for development of players in their community area.
l) promote player loyalty and junior development.
m) support the role volunteers undertake in managing their Clubs by
    I. minimising the need to fundraise for player payments.
    II. providing a more competitive environment on field, that encourages more volunteers to support at Club level.
    III. providing incentive to spend more time and effort in the development of football, a welcoming Club environment and growing the game within the local community.

This PPS Policy sets out a framework of rules and guiding principles in relation to a player points system to achieve the above objectives.

To be considered an 'Aligned Junior Club', an MoU must be approved by AFL Tasmania to ensure an appropriate player pathway exists. Junior Clubs may be aligned to multiple Senior Clubs.
"**Transferred"** refers to the formal transfer authorised under the National Player Transfer Regulations.
"Unique local conditions" refers to the conditions, environment or circumstances which are unique to a Community Club or a region of Community Clubs which may give grounds for a reassessment of a Club's Total Team Points as determined by AFL Tasmania.

4. TOTAL TEAM POINTS

a) Each Team that is participating in Premier League Senior Men, Premier League U/18's and Community league Senior Men to which this Policy applies, is to be allocated a capped amount of player points, known as 'Total Team Points', which cannot be exceeded by that Team in any Competition Match during the Season including Finals.

The Total Team Points allocation will be;

(1) Premier League Seniors – 40 Points

(2) Premier League U/18's – 33 Points

(3) Community League Seniors – 35 Points

b) AFL Tasmania will consider all applications from Clubs for the allocation of additional Total Team Points in accordance with this PPS Policy (i.e. applications based on unique local circumstances). Applications for additional Total Team Points must be submitted by 1 March for the forthcoming season.

c) AFL Tasmania may allocate additional points or apply deductions to Total Team Points to specific Clubs in accordance with this PPS Policy to manage unique local conditions and meet the needs of local Clubs and the relevant senior Competitions.

d) Additional total team points may be allocated if a Club;
i) has finished in the last three positions on the ladder for two consecutive seasons.
ii) is in a region with a low population base.
iii) endures significant hardship, is coming out of recess, or is a recently merged or restructured entity.
iv) can prove special dispensation to the League on a case by case basis.

e) If any team has received a variance to the Total Team Points, points will be reduced at the end of each season by the following means.

I. A deduction of one point per year until the team reaches the Total Team Points allocation as described in 4.a).
II. If a team makes finals, a deduction of two points will be deducted from the Total Team Points allocation until it reaches the allocation as described in 4.a).
III. If a team which has received additional team points finishes in last position on the ladder in that first year the team points variance will remain the same for the following year.

5 PLAYER POINTS ALLOCATION ADMINISTRATION

Player Points Allocations shall be entered into each player's PlayHQ profile prior to the player's first Home and Away Match of any season.

A player's Category and the subsequent Player Points Allocation will be determined by that player's playing history and achievements. Each player will be allocated a category and a Player Points Allocation as per Appendix A or B.

A player's Player Points Allocation remains that player's Player Point Allocation for the duration of their tenure at that club. Clause 9.1 – Reduction of one Point, applies to the players Player Point Allocation.

A players Player Points Allocation will be reviewed in accordance with clause 8.1, and amended, when that player moves clubs. This is to promote player retention and loyalty.

Clubs may need to consult with the Competition Manager to ensure player point allocations have been completed as allocations cannot be updated until players have completed online registration for the season. Players that have transferred clubs must have completed the online registration via the email link generated through PlayHQ transfer approval process.

Where Clubs do not follow this procedure and decide to play a player in a match, who has not had their Player Points Allocation allocated in PlayHQ, that Club accepts the risk of any subsequent enforcement penalty as determined by AFL Tasmania in accordance with this PPS Policy.

8 ADDITIONAL PLAYER POINT ALLOCATIONS

8.1. Where a player has transferred to three (3) or more different SFL Clubs across the previous 36 months, one additional point will be applied to that player's Player Points Allocation. In determining the three season's timeframe, the current or upcoming season shall be regarded as the first season along with the previous (2) seasons.

For the avoidance of doubt, player movements under a permit arrangement e.g. to a State League, Coates League, NTFL club or under local interchange agreements, where their home club is classified as a SFL Club, will not be penalised under this clause.

8.2. A Club may make an application to AFL Tasmania under section 11 for a re-assessment in relation to a player's additional point allocation.

9 DEDUCTIONS TO PLAYER POINT ALLOCATIONS

9.1. Once a player's Player Points Allocation has been determined, a reduction of one point will apply for each 'Season of Service' to that player's Club (minimum 5 senior or reserves or underage games per Season), even if not in consecutive years, until the player reaches not less than 1 point. (This is the minimum number of points a player can have). For the avoidance of doubt if a player is eligible for underage football at his Club, underage, reserve, and senior level appearances all qualify towards the players 5 games for the SFL club per year.

9.2. AFL Tasmania may, acting reasonably, reassess an individual player's Player Points Allocation where it is deemed inappropriate based on playing history and circumstances.

Clubs will need to make an application detailing relevant evidence regarding the reassessment of a player to AFL Tasmania The application for reassessment may be based upon one or more of the following:
(a) The age of the player especially if the player is looking to play at a higher level
(b) The injury history of the player
(c) The recent playing history of the player
(d) The living, schooling, and work arrangements of the player; or
(e) Any other relevant consideration.

9.3. Subject to the considerations which AFL Tasmania should consider under clause 9.2, the determination of an application for reassessment will be at the discretion of AFL Tasmania.

9.4. Family Connection
A player's points allocation shall be reduced to one (1) point if the player's parents or grandparents have played 50 or more senior men's or women's games for the Premier League or Community League club.

10 ENFORCEMENT

10.1. Given Player Points Allocations are managed via the PlayHQ competition management system, if correct procedure is applied, being Players Points Allocations entered into the system prior to the start of the Season, it is envisaged there will be minimal issues in the management of the Player Points Allocations. Errors are less likely given that PlayHQ will not permit a club to complete a Senior Team into an electronic team sheet that has a combined Total Team Points allocation of more than that Club's permitted points cap.

10.2. Should any Club provide false or incorrect information regarding Player Points Allocations, or in any match exceed the total team points allocation in part 4 a), the Club may be penalised in line with the penalties set out in clause 10.3.

10.3. Penalties may include (without limitation):
(a) Club fines
(b) Loss of premiership points – current season and in the future
(c) Suspension from finals – current season and in the future
(d) Player / Official suspensions – for those players/ officials that provide false or incorrect information to the Club or AFL Tasmania.
